Subject line: Exclusive Offer for Arabian Horse Owners

Dear Arabian Horse Owner,

I have something special just for you. It's something that will give you much pleasure. It will be a treasure for your lifetime and that of future generations.

If you're like me, you have many photographs of that special horse in your life. Perhaps both the horse and rider. What if I told you that now you can have a gorgeous, one-of-a-kind, customized portrait in oil, pastel or color pencil? I'm talking about a true piece of art in honor of that special horse and rider (or just the horse) that you can proudly display.

I know there are many great photographers who will capture fine photos of your horse. However, I've been a professional illustrator for over a decade. I work from multiple photographs to create a work of art --- a lovely painting that highlights the elegance and classic equine beauty of that special horse. Photographs alone can't do that.

CAPTURE THAT SPECIAL RIDE OR EVENT.

While I can create your treasure from any photo or multiple photos that recall any sort of activity, you might want to capture a special ride. You know, when you had that perfect ride --- when you and your horse were at your best and almost one.

You want to be able to remember and share that special moment forever. Right? Well, now you can have that delightful memory in a lovely piece of art for your home, office or show barn. An elegant treasure you'll be proud of.

This is your chance to display your memory proudly. I specialize in equine art. Like you, I love Arabian horses. I ride them. They're are a major part of my life. Therefore, I understand how special your horse is. I understand their beauty and their unique anatomy. I create a painting for you that is life-like; a painting that will amaze and thrill everyone who sees it.

Many horse owners opt for professional photographs to honor their memories of equine events. Here's your opportunity to have a beautiful, powerful work of art that is not dependent on the right photo at the right time. Photos simply don't do justice to that special horse or event.

I will create a vision for you that a photographer can't. I can get rid of distracting backgrounds and craft the right pose of a horse in motion in the right scene with the light and shadows just perfect. I will produce a work of art that honors a show horse or rider that is no longer with you or a special one who is.

If you can dream it, I can bring it to life for your home, office or show barn.
